PROPOSE A SCP —Suitable Context for the Performative— **WE WILL REINVENT AN ICF** —Innovative Choreographic Frame—

You are producer, coproducer, reproducer, programmer, director of a theatre, of a choreographic centre, a festival, of cultural affairs, curator, critic, (a) minister of culture : you are currently defined as belonging to the class of 'workers in culture'.

We are 12 authors-interpreters-dancers-choreographers-musicians-composers, half-immersed, half-emerged, half-submerged. We met at Royaumont abbey around the subject of conducive places for the emergence of the choreographic.

You are curious, dynamic, open to experience, to the unknown, possessing highly developed organizational capacities, with an exceptional sense for human contact. You are in need of thrills at this particularly difficult juncture. You are audacious, brave, and wish to support promising projects from the cradle. You love to work on crafting original projects in close collaboration with 'artists'.

12 artists coming from/with diverse experiences and aesthetics, rooted in different territories, wishing to embrace the essential : research and creation, collaboration with actors in the field, relations to spectators, in order to (re) invent and invest places favorable to the blossoming of live dances.

PROPOSE A CONTEXT event, landscape, festival, programme, financing, farm, industrial fallow, theatre... **WE WILL REINVENT THE FRAME** by proposing an original, moving shape crafted to measure
